FACTS

11. Around May, 2007 Plaintiff's was seen at CHS for failing eye-sights. Plaintiff spoke to an male John Doe, ophthalmologist. The ophthalmologist performed an inadequate eye examination and dilates test, which resulted to Plaintiff not seeing clearly. Plaintiff made the eye doctor aware of his wrongful conduct. The ophthalmologist fitted Plaintiff's with bifoucal and called the next person.

Defendant decision and conduct in implementing creating, condoning, or carrying out the this policy or custom of uniformly fitted the Plaintiff with glasses in the manner violated Plaintiff's Constitution rights to due process rights under the Fourteenth Amendment to the United States Constitution.

12. Around the end of July 2007 the bifoucal glasses was delivered to Plaintiff by the division 10 dispensary nursing staff. Plaintiff's tried on the glasses and determined that he could barely see out of them. Plaintiff complained to the nursing staff and submitted a couple of medical slips, no response. On August 11, 2007, I filed a grievance C.R.W Ms Butler, made it an request. See exhibit A-1. . . . Denial access to the Jail administration, violated Plaintiff Amendment rights under the United States Constitution, and that violated the Illinois State Law.

13. Around August 21, 2007 I was seen in division 10 dispensary. I spoke to Dr. Dunlap, I made her aware of my eye-conditions, that I couldn't see out of the bifoucal I recently received. Plaintiff's requested to be rescheduling for correction of lens. Dr. Dunlap, stipulated that the County doesn't have an ophthalmologist any more, due to the budget cuts Plaintiff's requested to go outside the institution to see an ophthalmologist and requests was denied.

14. In April 2007, Cook County officials publicly acknowledged that the United States Department of Justice did conducted a civil rights investigation into conditions at the Cook County Jail, including but not limited to an investigation of the quality of medical provided to pretrial detainees. An information and belief, recent budget cuts and the firing of various Jail administrators and doctors have exacerbated these problems

and further endangered the health, safety, and lives of pretrial detainees. Moreover, on information and belief, because CHS must account to Cook County for its expenditures for medical services provided to pretrial detainees, necessary medical services for detainees' serious medical needs are either delayed or not provided at all.

15. Defendants decision and conduct in implementing creating, condoning, or carrying out this inadequate policies, practices or custom of uniformly engaging in the manner violated Plaintiff's Constitution rights to due process rights under the fourteenth Amendment to the United States Constitution.

16. In October 2007 I was seen in division 10 dispensary again. I spoke to Dr. Dunlap about my health conditions and my failing eye-sights. Plaintiff requested to be scheduling to see an ophthalmologist, and my request was denied.

17. During November, 2007 on several occasions Plaintiff was seen in division 10 dispensary. Usually on each occasion Plaintiff spoke to Dr. Dunlap, and made her aware of his failing eye sights. On each occasion Plaintiff was denied medical attention. Despite Plaintiff showed her his old pair bifocal which only have one lens. Her favorite saying is you're costed the County over 20,000, and have seen every specialist in the building. Defendant Dunlap, acts with deliberate indifference for using remarks, and for not scheduling Plaintiff's to see an eye-specialist. Denial medical treatment, or medical attention violated Plaintiff Constitution rights to due process rights under the fourteenth Amendment to the United States Constitution.

18. On November 15, 2007 I filed a grievance pertaining to denial of eye-glasses, and C.R.W. Ms. Butler, made it a request. C.R.W. Ms. Butler, has taken Plaintiff's grievances and converted them into requests in order to avoid issuance of a control number preventing Plaintiff grievances from being properly processed. Denial access to the administrative grievances and appeal procedures. Violation of Plaintiff First and Fourteenth Amendment rights, to the United States Constitution. see: exhibit A-2...

For The Medical Records:

I made her aware that the glasses was prescribed to me, I couldn't see out of them. She said too bad that it's was a done deal, and asked me to leave her office. Case no. 07C-300 probably would had a different out come if Dr. Dunlap, wouldn't had denied me medical attention. Her wrongful conduct for intentionally denied me medical treatment to a serious medical needs constitutes an deliberate indifference, which a violation of plaintiff Constitution rights under the fourteenth Amendment to the U.S. States Constitution.

60. The County been passing out used razors every since plaintiff was submitted to the County Jail in 2004. For years plaintiff's complained to the security staff, and wrote letters to the Sheriff and to the administrative, and when that didn't work, plaintiff decided he will challenged the Administration, about the wrong FBI Conduct of the Cook County Officials. In October 2006 plaintiff filed a grievance Control no: _____ challenged this illegal acts. When detainees made him aware of the facial hairs in the razors. He stipulated you are right, there's are hair in the razors, that you're all could give them back if you like. Some of the detainees gave the razors back to Officer Tuzin, and some of the detainees use there used razors. See exhibit A-26. There's has been numerous occasions when detainees pointed out the facial hairs in the razors, the officers agreed with the detainees, and took the razors back, on some occasions.

61. On 5. 27. 2008 plaintiff filed another grievance and addressed the administrative staff that on Monday 26. 2008 the third shift officer Mr Castaneda, passed out used razors. The razors didn't have no caps on them. Plaintiff held his razors up to the lights and could see the scratches and gaps in the blade. Plaintiff cell-mate Mr. Perkins, ID.#2007008702 attempted to shave his head, and cuts himself in two (2) places. Apparently the blade was too dull to cut. My Cellie, popped my razor and determined facials hairs was underneath the blade, and moisture. See exhibit A-27

All the this times the County has been passed out used razors. I tried to get a hepatitis test for approximately 2 years. I final got it in August, 2008 and determined that I've been infected by the used razors. Im sure I am not the only one who has been infected by these used razors. My estimated is approximately half of the Cook County Jail. Something got to be done about this unconstitutional acts. The County have disregarded detainees health and safety. This is not the last time you're going to hear from me. Action you are requesting for the County to stop passed out used razor immediately, and I want medical treatment for this disease, hepatitis C. The administration denied processed the grievance. See exhibit A-29. I have not received medical treatment yet as of today Dec. 3. 08. . . .

68 Pretrial detainees general has filed numerous of grievances through out the compound pertaining to this wrongful conduct by the officials and as well as plaintiff's. This wrongful conduct must not be tolerate, because this act is improperly, inappropriately, irresponsibly, unprofessional, and recklessly, and in light of the fact, it's illegally which proves the defendants bias / crooked and have no respect for a human life. There is not an estimation how many lives may have been infected by this illegal acts. I certian hope the Court will order and full investigating ^{into} this illegally acts. See exhibit ~~A-30~~ ~~A-31~~ ~~A-32~~ ~~A-33~~

69 This actions is cruel and unusual danger. 73. My Attorney Ms. Harris, called Mr. Mueller, in December, 2007 to confirmed to what Ms Butler, said, and the sirousness of the glasses. Mueller, stipulated inmates is not entitled to reading glasses, unless they are prescription by the CHS Eye doctor. Plaintiff Harrison's Serious medical needs continues

80. On May 29, 2008 I filed a grievance pertaining to my back condition and about the hard steel benches on a medical tier. It states: is pertaining to not having soft seats on 1-A tier in the day-room area. A-1 tier is a medical tier with sick detainees with mental & physical illnesses. I have both mental and physical medical issues. For example, I have a back condition that required for me to sit on comfortable seats, and it's very discomfort for me to sit on the steel benches and stools. which have causing further injured to my back, and have resulted into severe pain. which is a violation of my constitutional rights because a jail day-room are required to have soft chairs, and hard chairs. especially medical tiers. The Cook County, Thomas Dart, has failed to institute constitutionally adequate policies, practices, and procedures to ensure that detainees' serious medical needs are properly evaluated, and once evaluated, that medical and treatment is actually provided. Cook County deliberately and systematically has ignored and failed to act upon evidence that detainees' serious medical needs are not being adequately addressed. Cook County deliberately and systematically has failed to carry out the medical advice of CHS providers, and to implement the orders of CCDOC staff and the grievance appeal board requiring specific medical treatment for detainees. Cook County and Thomas Dart, therefore, has failed adequately to train, supervise, and manage its employees and agents, resulting in deliberate indifference to the serious medical needs to pretrial detainees, as well as plaintiff. at CCDOC.

91. Defendants' practice of denying medical treatment, and taking Plaintiff back belt prescribed for a serious medical needs, and intentionally passing out used razors to pretrial detainees, when they know the risk can causing serious harm, or death. This is a direct result of Defendants deliberate indifference to plaintiff serious medical needs, and because of this illegally acts plaintiff had Contracted hepatitis C, and plaintiff health has been deteriorating day by day...

Plaintiff Harrison's Serious medical needs continue.

BRIEF SUMMARY OF THE COMPLAINT: Be advised, this is an emergency. I can hardly see. I was seen in Cer Mak Health Services around May 2007. First, I've made the nurses aware of this issue, I submitted several medical request forms, I submitted several grievance forms, and I spoke to Dr. Dunlap, on several occasions in the div. 10 dispensary about my eye problem. I told her I barely can see out of my recent glasses that the Ophthalmologist prescribed for me. She said there nothing she can do for me. I said yes you can, re-schedule me to see the Ophthalmologist. She said you already costed the County over 20000 dollars. I showed her my old pair of bifocal which only have one lens, that this is the only thing I have to see out. She said too bad, you're learn to take care of them the next time. When my Lawyers visited me around a month ago I told them about my eye conditions, and showed them the one eye pair of glasses. They attempted to mails me a pair of glasses through the mail to my Social Worker Ms. Butler. Nevertheless, her supervisor Mr. Mueller, stop them. Mr. John Mueller, said inmates are only allowed prescription glasses unless they are prescribed by the jail ophthalmologist, that you must make an appointment with the eye doctor and get a written prescription. Detainee Last Name: HARRISON First Name: RobbyID #: 2004-012512 Div.: 10 Living Unit: 2C Date: April 1 2008BRIEF SUMMARY OF THE COMPLAINT: This grievance is pertaining to dental care.

I went to the dentist around a month ago for a tooth problem. Tooth infection and bleeding gums. The dentist said I have build-up on my teeth ^{that's} why my gums are bleeding. I asked him about making me an appointment to get my teeth clean. He said the county don't clean teeth. My gums constantly bleeding even when I'm not eating. Bleeding gums can result into gum disease. My gums has been bleeding for over a year now. Please the county took our long toothbrush and issued us a short toothbrush around 2 inches long which make it difficult to clean our teeth properly. I am awarded to the State while incarceration. It's the County job to provide the detainees with ^{hygienical} dental care.

Denial of dental care violated the Fourteenth Amendment rights. Please can I get my teeth clean?

IS PERTAINING TO A SERIOUS medical issue. I been to Provident Hospital
 approximately 3 to 4 occasions. I want a computer order to get another blood
 BRIEF SUMMARY OF THE COMPLAINT:

G.I. TEST. ON each occasion I was unable to get the test due to the
 County for not providing me with adequate medical attention. What I means
 I suppose to be sent to CHS a day before I am sent to Provident Hospital. The
 reason for that is so CHS can flushed me out and do the lab-works, etc. Not the best
 to prepare for the G.I. Test. For example, I was recent seen at Provident Hospital on
 3 Oct. 2008. There, I spoke to Dr. Rafiq. I explained to the doctor that I have not been
 cleaned out. He got a little angry and stipulated that CHS suppose to do that before
 sending me there. He checked my medical file to see what was going on. He said there
 was no works, and that he needed blood works to determine my health condition. He
 attempted to call Dr. Dunlap at the County Jail, no he spoke. He told me to please wake
 the nursing staff aware to do their job to have me ready for another appointment this month October
 2008. He also wrote the information in my file, medical records, and for Dr. Dunlap to call him.
 Dr. Rafiq - I think I have 2 appointments at Provident this month October. Please MS Dr.
 Dunlap, or to whomever it may concern, will you please take care of this matter. I been
 trying to get this test for 2 years. In order for Dr. Rafiq treat me for my illness & I need
 this taken care of / or MS Medical Director AND CATERS, will you see to it that
 these needs are met. THANK YOU! (This is An emergency!)

DETAINEE GRIEVANCE

Detainee Last Name: HARRISON First Name: Robby

is pertaining to an incident that happened on G-2 tier ~~Wednesday morning~~ between 9:30 and 10 A.M. June 20, 2007. It was an confrontation between the detainees. One of the detainees sustained a serious head injury. Blood were left all over the hall-way. The day shift officer Ms. Castillo, called for 10-10. There was a lot of officers rush to the scene, along with 4 to 5 Supervisors and the Superintendent Salazar. Superintendent Salazar conducted the investigation, and Sgt. Taylor, conducted the Strip-search. He made all of the detainees get against the walls and strip butt, neck, armpits, and Coughs. After the searches was finished, Sgt. Taylor, ordered the detainees to pick up their shoes and walk through the blood bare-foot to their cells. When I got back to my cell, I noticed blood stain on my sock. The G-2 tier was put on lock-down for the rest of the day. The next morning around 8 A.M. June 21, 2007 the high side were let out of their cells. I was called to the hallway around 8:15 A.M. And when I returned around 11:30 A.M. I noticed the blood was still on the floor in the hall-way in front of the cells, and some of the detainees on the high side was tracking back and forward through the blood. I realized this is a medical deck and people is on phys. medication. I walk-up to the inter-lock and spoke to officer Rule, who was working there. I asked officer Rule for some cleaning gear to clean the blood up in the hall-way? He said "no". I say officer, the blood has been on the floor ever since yesterday, and that the detainees were tracking through it, and we may catch some diseases from the blood. Officer Rule said yeah. I agree with you, but ^{I was} ~~was~~ authorized by the Superintendent not to give out any cleaning gear. I told my Celly Trzeciak, what officer Rule said. Trzeciak said I've already spoke to officer Castillo, earlier pertaining to the cleaning gear, and she said that we were on bones, and that the Superintendent Salazar told her that we couldn't get anything to clean up with. I noticed when we locked down at noon on June 21, 2007 the blood were still on the floor in the hall-way. I've also noticed that this place is infested with insects, rats, and mice and they also tracks through the blood as well, I assumed. Nevertheless, they carries diseases throughout the Jail, and at night the insects, mice, and rats crawling over our commissary, etc. The County has failed to clean up contaminated blood, and failure to regularly provide the detainees with protesting gear to help ^{clean} up the blood as well. I am concern about our health. (What stuff know about this incident). The ones who did the shake-down the tier officers Supt. Salazar, Sgt. Taylor, officer Rule, officer Castillo.

I am grieving the Administrative staff here in the Dept. of Corrections for not providing the detainees with adequate razors. For example, on Monday 26.08 in division 10

BRIEF SUMMARY OF THE COMPLAINT:

At 10:00 PM the third shift officer Mr. Castaneda, passed out used razors to the detainees before 12:00 clock mid-nights. First what lead me to think that the razors may have been used is because none of the razors had caps. I put my glasses on and held the razor up to the light and I could see all the scratches and gaps. I haven't shaved since around 5:00 PM. My cell-mate attempted to shave with his razor, and cut his head in 2 places, because the razor was too dull to shaved hair with. My cell-mate passed my razor and determined hairs and moisture was on the blade. Officer Castaneda came back around 3:00 AM and picked up the razors and passed them out.

We told him the razors had been used and that we cut himself. Officer Castaneda said those razors are not used razors, that he used them when they took the tops off of them. I told him that I held the razor up to the light and I could see the hair, gaps, and scratches on the blade, that the razors were being used. Officer Castaneda walked away. On May 29, 2008 officer Cano, passed out the razors. I checked the razor and determined hair and scratches was on the blade. I attempted to shave and cut myself on the face which caused my face to bleed. I told officer Cano, when he picked up the razors that they was used razors. He said ok. My cell-mate said I didn't use my razors, because it been used already. Officer Cano said ok, "collected" and walked away. I want to know why are they continuing to pass out used razors, this is a very serious situation, being exposed to different kinds of germs and diseases and the administration needs to be aware of this. This is a very serious issue and should not be taken lightly by the means.

now i been complaining about used Razors. I usually get a Razor 3 to 4 times a week. for the last 9 to 9 months I only received around 5 to 6 New Razors, and the rest was used. Can you believe that? Despite that I had filed numerous of Grievances on this issue. There's have been no adequate measures taken. Some thing got to be done about this problem. Can you imagine how many people being exposed to many related diseases such as hepatitis or latent (T.R) If this life threatening issue don't stop immediately, I'm going out side the institution for help. I am sure that whoever is responsible for tampering with these used Razors by their futile attempt to cause the ones using the Razors to over look the defects that are visible reveals that the perpetrators are too relaxed. This atomic conspiracy is not being ignored.

IN LIGHT OF MY ALLEGATIONS, THAT AS I IMPLICATED THE OBVIOUS SHOWINGS OF SOMEONE, OR I PRESUME A HOST OF OTHER OFFICIALS WHO MAY HAVE OPERATED AS AN ACCOMPLICE TO THIS CONSPIRACY WITH USED RAZORS. THE IMPONMENT ITSELF ISN'T SAFE, YET THE DELIBERATE TENDENCY TO DISTRIBUTE USED RAZORS IN AN ADDED PERCEPTION, WAS NOT INTENDED TO BE SHORT LIVED. BESIDES ENDANGERING THE SECURITY OF MY HEALTH BECAUSE MAYBE THE ADMINISTRATION HAS ENCOURAGED THIS CONDUCT BY AN ATTEMPT TO RESERVE EXTRA FUNDS FOR OTHER NEEDS IN THE INSTITUTION. YET, THIS DOESN'T JUSTIFY THEM CREATING AN OPPORTUNITY TO ALLOW RAZORS TO CIRCULATE ONCE USED. ITS ALSO CONTRIDICTIVE FOR DISPOSABLE RAZORS TO BE POSSIBLY SPONGED WITH SOME TYPE OF OIL SUBSTANCE IN ORDER TO MAINTAIN THEIR CONDITION. HE STATED: TO KEEP THEM FROM GETTING RUSTY. AS CASTENEDA THE 3RD SHIFT OFFICER IMPLICATED MY ENCOUNTER WITH LT. PEARCE... OF WHICH LT. PEARCE CONFIRMS TO SOCIAL WORKER MS. MY ALLEGATIONS ABOUT OFFICIALS WHO MAY HAVE BEEN AIDING AND ABETTING IN CONSPIRING TO SUFFOCATE ANY USE OF FUNDS. LIKELY THAT MONEY'S VALUE IS EXCESSIVE. SO THEN THIS FORMS A BELIEF THAT REMOVAL OF FUNDS TO SET ASIDE FOR OTHER PURPOSES WOULD PRACTICALLY GO UN-NOTICED AS I STIPULATED EARLIER IN CONTEXT IS THAT WHETHER THEIR MEANS WERE ACTUATED AS A MEANS JUSTIFIED DOESN'T EXCUSE SUCH CONDUCT. Case #: _____

Being first duly sworn on oath BOBBY LEE HARRISON, affiant herein deposes and avers that around August 2008 I was seen in division ten (10) dispensary. There I spoke to Dr. Dunlap. She checked her computer. She stipulated that the hepatitis test I took came back positive for hepatitis C. I told her that I didn't have this disease when I was submitted to the Cook County Jail in September 7, 2004, that I contracted this disease while in custody of the Cook County Jail. I asked her could I get medical treatment for this disease. She stipulated sometime it the best not to treat this type of disease. I also made her aware of my symptoms - weights lost, diarrhea, loss of appetite, and pain in my lower right side.

For the records I have been subjected to hepatitis, Tuberculosis and other venereal diseases during my 4 1/2 years in the County Jail, through the contaminated milks, razors, bacteria, walking in blood, feces and mices crawling over the food. I requested a hepatitis test approximately two (2) years ago, and I didn't received this test until approximately two (2) months ago. I've written numerous letters, submitted numerous of medical request forms, grievances, appeals and complained to the officials. Despite all of that the staff have not properly responded to my requests.

I also suffered from a colon and liver conditions. I was diagnosed of this diseases in December 2006 by a CHS doctor. A few months later the doctor retired. CHS no longer have a doctor to pre from these type of test. Patients is sent outside the institution for testing. On numerous of occasions I was scheduled an appointment to see a doctor at Provident Hospital, either the appointment was canceled or CHS didn't evaluate me for the test. I was seen at Provident Hospital around January 2008, March 2008, August 2008 and September 2008 and October 3rd 2008. The last two (2) occasions I spoke to doctor Rafiq. He got a little angry because CHS didn't have me prepare to take the test. Dr Rafiq attempted to call doctor Dunlap, at the Cook County, but he was unable to reach her on the phone. So he rescheduled, and asked me to remind the medical staff to have me prepared for the next time, because this test were very important so he will know how to treat me for the hepatitis.

The County has disregarded my health and safety. If the County filed a motion to dismiss my case please dismiss the County motion instead. For proof of my allegations I have attached these documents to the back side of this Affidavit, being entered as exhibits _____

Detainee Last Name: Harrison First Name: Bobby

ID #: 2004-0072892 Div.: 10 Living Unit: 1A Date: 5/17/08

Around 2005 I was seen in division 11 dispensary, there I spoke to Dr. Baker. I showed him an infection rash area on both legs. He prescribed me an ointment to use 2 to 3 times a day. The ointment didn't work. Around 2 months later I was sent to Cermak Health Services. There I spoke to a skin specialist. She performed an injection on both legs, around a month later the rash was gone. However, around 2007 the infected rash returned in the same exact areas on both legs. Around October 2007 through May 2008 I was seen in division 11 dispensary on numerous occasions. There I spoke to Dr. Dunlap. I showed her the infected rash and explained to her around 2005 I was treated for the rash that Cermak said had to give me 10-12 injections in both legs to get rid of the rash. Dr. Dunlap said it could be something going on inside of me. She scheduled me to see a Cermak skin specialist around 2007. I saw the skin specialist a couple weeks later. He prescribed me an ointment called Hydrophilic Ointment GM & fungary Clobetasol Propionate ointment with 0.05%. I told the doctor that I was prescribed this medicine but it didn't work. That the skin specialist had to perform an injection. He said Cermak would have the injection any more, that he would call me back in around 2 months to see the results. And if the injections don't work, that he will send me outside to see a specialist. As of today 5/18/08 the infection rash is still on both legs. And I have not been called back to Cermak for my check-up. Nor have I been scheduled to see an outside specialist for my skin problem. On this grievance on this issue, the last one was not return to me filed around September 2007.
